

WERRIBEE SECONDARY COLLEGE

Dear Parents and Guardians,

We have given information to students regarding the plan for Learning from Home in the event of school closure. To support everyone particularly families who have opted to keep their children at home, I would like to inform you that the college have put in place a few measures:

- All class tasks and activities will be posted on Compass Lesson Plan for all students- whether at home or at school starting 18 March 2020. Students received information on how to access the Lesson Plan on Compass.
- Students also received information on how to join a Webex video conference today. This will be used in the event of school closure.

In addition, I have attached the two guides for all students' perusal to ensure that everyone has access to the information.

I will request that parents and guardians support our students by providing them a working device and a suitable space at home where they can complete work.

We appreciate your understanding and continued support through the recent Covid-19 related events. As always, feel free to contact the college should you need assistance.

Yours sincerely,

Staff at Werribee Secondary College
