Welcome to
Connecting to the MDM for iPad
Important notes before starting

If you already have the MDM Apps, you do not need to follow these instructions.

If you do not have Wi-Fi access via WSC-WIRELESS, go to:
WSC website > BYOD Configuration > Configure Your Student iPad — Wi-Fi 2016

This is mainly for iPad users but student with MacBooks can obtain their Mail configuration by following this. For MacBook printing instructions, however, see:
WSC website > BYOD Configuration > Configure Your student MacBook—Printing 2016
Start at the Werribee Secondary College Web Site

Using Safari browser only, go to:
www.werribeesc.vic.edu.au > BYODD > BYODD Configuration
Click the icon as shown

If asked for your passcode, please enter your 4 digit PIN.
MDM - Preparing for Installation

MOBILE DEVICE MANAGEMENT

Installing this profile will allow the administrator at “https://devices.lsmmdm.com/command_dispatch/ios” to remotely manage your iPad.

The administrator may collect personal data, add/remove accounts and restrictions, list, install, and manage apps, and remotely erase data on your iPad.

UNVERIFIED PROFILE

The authenticity of “Lightspeed MDM Profile” cannot be verified.

Remote Management

Do you trust this profile’s source to enroll your iPad into remote management?

Click Trust
MDM - Installation

Profile Installed

Click Done

Description  The Lightspeed Mobile Device Management enrollment profile.
Contains  Mobile Device Management
Device Identity Certificate

Click MDM User

iPad 11:04 am

WSC-Printing  MDM User  Web Login
WSC Extranet  WSC2016
MDM - Installation

Sign in with your **login name** only and school network **password**

If it says the user already exists, disregard this step and continue to the next page

You should get a message like this
MDM - Installation

It will take time for this dialog to appear. You will need to log in with a valid Apple ID. These dialogues will only appear if you have not already signed in with an Apple ID previously. After you log in, email and apps will automatically be pushed to your device from the school server.

Click **Sign In**

Click **Use Existing Apple ID**

Enter your Apple ID and password

Click **OK**
MDM - Installation

You may now have 2 printing icons, one called Printing’ and the other ‘WSC-Printing’. If this is the case, just delete the one called ‘Printing’.

Congratulations!

- Your email profile is configured (this will require a password at first logon) ... see the image below where the email account has been created in settings
- The Printing App and Printing queue have been installed
- Apps that are purchased by the school can be pushed (sent) to your device
